A. Employee Retirement System of the Government of the Commonwealth of Puerto Rico

- Claims Administration and Objections

19. During this period, A&M:

- a. Reviewed approximately 7,470 Claims identified as human resource related to confirm proper categorization for transfer to the Administrative Claims Resolution (ACR) process and, further, recorded asserted agency information for ease of transfer to correct contacts for further reconciliation;
- b. Reviewed approximately 10 Claims asserted as tax refunds and compared the claim documentation against payment data provided by the Department of Treasury to determine if the Claim had been satisfied and should be placed on an upcoming objection or transferred to the Administrative Claims Resolution (ACR) process;
- c. Reviewed approximately 45 Claims asserting tax related liabilities to determine if the claimant is asserting liabilities related to tax refunds. Once reviewed, A&M categorized the claims for transfer to the Administrative Claims Resolution (ACR) process;

- d. Reviewed approximately 40 Claims asserting tax related liabilities to determine if the claimant is asserting tax credits. Once reviewed, A&M categorized the claims to be placed into the appropriate plan class;
- e. Reviewed approximately 55 supplemental outreach forms which were returned by creditors to validate if the creditor provided sufficient information to verify the asserted liability and finalize reconciliation. Claims were then processed for entry into Alternative Dispute Resolution (ADR), Administrative Claims Resolution (ACR), or future objections;
- f. Reviewed responses to approximately 40 adjourned Claims from previous deficient Claim Omnibus Objections to determine if the response provided sufficient information to move the Claim into the Administrative Claims Resolution (ACR) or Alternative Dispute Resolution (ADR) process or move forward with an Objection;
- g. Prepared and filed 33 Omnibus Objections affecting 137 Claims;
- h. Reviewed approximately 15 Claim reconciliation summaries completed by the DOJ and Commonwealth agencies highlighting critical case information and providing guidance on the case status. A&M used this summary detail to identify the proper next steps in the reconciliation process, including but not limited to: objecting to proof of Claim(s); transferring Claim to ADR process; identifying additional documentation necessary for reconciliation;
- i. Reviewed approximately 250 litigation Claims to identify if claimant is asserting liabilities related to pension and/or retirement benefits;
- j. Reviewed approximately 195 litigation Claims to analyze asserted unliquidated values for Plan Class and Disclosure Statement estimates;

- k. Analyzed approximately 525 litigation Claims asserting class action litigation cases to determine if liability is already asserted in the "master" claim filed by the attorney on behalf of all plaintiffs in the litigation. If determined that the asserted liabilities is duplicative of the "master" proof of claim the claims were flagged for omnibus objections;
- l. Reviewed approximately 310 litigation Claims to determine if the asserted litigation case has a judgement and/or a settlement ordered. A&M used this data to prioritize reconciliation efforts with the DOJ and respective Commonwealth agencies;
- m. Reviewed approximately 15 "Public Employee" Claims in the Administrative Claims Resolution (ACR) process asserted against various agencies to evaluate the timeframe of the asserted liability to assist the Commonwealth with the reconciliation process;
- n. Analyzed and organized data for approximately 2,175 ACR Claimant's response to the "Pension Claim - Initial Determination" notice. Once reviewed, if a claimant identified that they are appealing the "initial determination", A&M coordinated with the proper agencies/AAFAF to gather the necessary information to reconcile the Claim;
- o. Analyzed and organized data for approximately 100 ACR Claimant's response to the "Public Employee – Initial Determination" letter. Once reviewed, A&M coordinated with the proper agencies/AAFAF in order for them to reconcile the Claim;
- p. Analyzed approximately 50 claims asserting administrative, priority, and/or secured status to determine if claims were properly asserted or if they were eligible for inclusion on objection to reclassify;

- q. Reviewed approximately 65 newly filed claims to determine next steps in reconciliation process;
- r. Created and updated Claims summary analysis by claim type to allow counsel to review the claims groupings and confirm A&M's proposed treatment for each claim type;
- s. Performed creditor outreach to collect missing information for deficient Proofs of Claim;
- t. Provided regular updates of the claims reconciliation progress to representatives of the Title III entities, AAFAF, the Oversight Board, and their respective advisors.
